

ProfusionX

Modular continuous LED lighting system

Up to 540W continuous output

2,400W Burst mode option

Interchangeable lenses

IP68 Rated enclosure

Flexible multi-module link options

The REL Profusion X LED lighting system provides a flexible 72,000 Lumen constant illumination solution. The optional Burst mode almost triples the light output for 10 seconds. Emitter wavelength, clip on filter plate options and laser alignment tool add to the flexibility of this unique illumination system.
